- All images/scans must be in SWOP (CMYK or Grayscale) TIFF or EPS between 200 and 400 dpi resolution
- Use Postscript (Type 1) fonts only; no True Type, Windows/PC or custom fonts accepted, unless converted to outlines
- DO NOT use stylized fonts
- Embed all fonts
- All elements must be placed at 100% size
- Avoid rotation and cropping of images in layout program
- Do not nest EPS files in other EPS files
- Four-color solids should not exceed SWOP density of 280%

Paving the Way for Brand Engagement

91% of people notice ads mounted on the sides of trucks and can recall the ad days later, according to a recent study conducted by American Trucking Association.

TRUCKSIDE ADS ARE MOBILE BILLBOARDS

Ads wrapped around the visible sides of local delivery trucks are a powerful tool to strengthen your brand with large-format ad space located on the side of commercial vehicles.

These high-impact ads ensure brand recognition all throughout our markets.

- Delivery vehicles reach consumers at the point of purchase
- Target your customers wherever they are
- Ads are easy to view from a distance and sit above traffic to ensure maximum exposure for your message
- By advertising on multiple trucks, it is possible to reach as many people as broadcast and tradition out-of-home media

MOBILE TRUCK ADVERTISING GENERATES 2.5 TIMES MORE ATTENTION THAN A STATIC BILLBOARD!

Initial graphics included. With supplied artwork; creative services available at an additional charge.

Custom programs available.

Most cost-effective form of advertising!

COST

➤ **\$5,500 PER TRUCK PER YEAR**
