AUTOMATED DISPENSING C-STORE & FOOD SERVICE Cleaning Program

National Convenience Distributors Automated Dispensing C-Store and Foodservice Cleaning Program consists of 5 products that cover a wide range of daily cleaning tasks you would come across when keeping your store cleaned, safe and maintained for employees and customers. For spray bottle filling you have an All Purpose Cleaner, Glass Cleaner, Degreaser Cleaner and Foodservice Grade Disinfectant that have a fill rate of 1GPM. For mop bucket filling you have a Neutral Floor Cleaner with a fill rate of 4 GPM. This program is fully automated with E-Z grip turn selector dials and push-to-dispense buttons, simply select the product you need and fill your container with the push of a button! Our equipment easily connects to your mop sink area or water supply. Safety data sheets will readily be available to hook up near your station as well as a program overview and instructional wall chart.
